

ANSH BHARDWAJ

Backend Systems Engineer — Java · Spring Boot · Distributed Systems

Ghaziabad, Uttar Pradesh, India | +91-9653040393 | anshbhardwaj150507@gmail.com | linkedin.com/in/ansh-bhardwaj |
github.com/Ansh811-hub | leetcode.com/Ansh_bhardwaj_____

PROFILE

Third-year IT student building backend systems that hold up under real concurrent load — five-figure QPS microservices, JWT/RBAC auth, and query optimization backed by measured latency and throughput numbers. Grand Finalist, DECODE SIH 2026; Round 2, Far Away 2026 International Hackathon. Seeking a backend engineering internship.

EDUCATION

IMS Engineering College, Ghaziabad — B.Tech, Information Technology Sept 2024 – 2028

CGPA: 7.35/10 | Relevant Coursework: DSA, DBMS, Operating Systems, Computer Networks, Distributed Systems, OOP, Concurrency

TECHNICAL SKILLS

Languages: Java, Python, JavaScript (ES6+), C, SQL

Backend & APIs: Spring Boot, REST APIs, JWT, RBAC, MySQL, MongoDB, PostgreSQL

AI / ML: RAG Pipelines, NLP, Semantic Search, LLM Integration, Prompt Engineering, Gemini API

Cloud & Tools: AWS (Grade O), Docker, Git/GitHub, Postman

EXPERIENCE

Student Builder Group Leader — AWS Student Builder Group, IMS Engineering College 2026 – 2027

- Appointed Leader for IMSEC's inaugural 2026–2027 AWS Student Builder Group session, building and leading the campus AWS community from the ground up.
- Planning and running a 12-month calendar of 6 community events — cloud workshops, build days, and speaker sessions.

Campus Technical Lead — HackerRank Campus Crew, IMS Engineering College Jan 2026 – Present

- Designed and ran algorithmic contests and workshops, growing campus problem-solving participation 60%+.
- Technical architect across 3+ campus hackathons; mentored 300+ third-year CSE students in DSA, system design, and interview prep.

Campus Ambassador (2 consecutive terms) — GeeksforGeeks 2026 – Present

- Led DSA workshops and peer mentorship across 2 terms for 100+ students; co-hosted a 300+ attendee mentorship event with Chandhan Jha, Associate Director, GeeksforGeeks.

Cloud Virtual Intern — AWS Academy & Google Cloud Generative AI (AICTE / EduSkills) 2026

- Earned Grade O (Outstanding) in AWS Cloud Virtual Internship (Cert ID 420a9bc474b5ee28e81e); completing Google Cloud Generative AI Virtual Internship (93% complete).

PROJECTS

AEGIS — Real-Time Emergency Response Platform Round 2, Far Away 2026 Int'l Hackathon (Top 100/13,000+)

- Built a 5-microservice Spring Boot + 3-service FastAPI system for ambulance routing, severity prediction, and hospital matching under live load — 87ms P99 latency, 1,000+ concurrent users, 50% query load reduction.

IntelliFlow AI — City Traffic Decision-Intelligence Platform Finalist, DECODE SIH 2026 Grand Finale (OSCode × IIIT Delhi)

- Built a causal-AI traffic platform combining congestion prediction, root-cause analysis, ACO-based swarm routing, and a SUMO digital twin serving traffic-police, municipal, and citizen personas.

StartupOps — Multi-Tenant Startup Operations Platform Top 5, Techpreneur — Udyamitsav 2026, IIT Jammu (100+ teams)

- Engineered a backend for 200+ concurrent users with JWT auth and granular RBAC, cutting unauthorized access ~30% and API response time ~25% under load.

Meditrack — Real-Time Healthcare Management Platform 1st Place, Tech Spardha 2k25 Ideathon

- Architected a scalable backend for 100+ concurrent users; MongoDB compound indexing cut latency ~30%; RBAC secured 3 user tiers.

CERTIFICATIONS

- AWS Academy Cloud Foundations & Cloud Architecting — Grade O (Outstanding), Cert ID 420a9bc474b5ee28e81e
- MongoDB Overview: Core Concepts and Architecture — MongoDB (Credly)
- Getting Started with Artificial Intelligence — IBM (Credly)
- Introduction to Cybersecurity — Cisco Networking Academy (Credly)
- Low Level Design: From Basics to Advance — GeeksforGeeks

ACHIEVEMENTS & LEADERSHIP

- Round 2, Far Away 2026 International Hackathon (Chandigarh University): advanced from 13,000+ registrations to the Top 100 with AEGIS; competing for a fully sponsored trip to Japan.
- Finalist, DECODE SIH 2026 Grand Finale (OSCode × IIIT Delhi); also completed Internal SIH-26 at IMS Engineering College.
- Top 5, Techpreneur — Udyamitsav 2026, IIT Jammu (100+ teams): sole technical architect of StartupOps, delivered end-to-end in a 36-hour sprint.
- 1st Place, Tech Spardha 2k25 Ideathon: won with Meditrack's real-time, scalable backend and RBAC system.
